

## Wauchope Camping Show is a Huge Success

Marlin Campers are in Wauchope for the Annual Caravan Camping Show from Friday 9th to Sunday 11th August. We have just taken delivery of the 2014 range of Oztrail camper tents, Including the Brand New Marlin Explorer. With the addition of the Insulated Roof and the Rear Kids Room this has to be the best designed family sized camper on the Australian market. Come and check it out for yourself on sites 103-105 and say hi to the team at Marlin Campers.

With all Marlin Campers you get to choose how your camper is built. Follow our 3 step guide to choosing your camper

Step 1, Choose the size of tent you need

Step 2, Choose the trailer to take you down the roads you need to go.

Step 3, Choose your set up. What style of Kitchen do you like to use? How do you prefer to carry your water?

Do you need a power supply? and what camping gear do you already have?

Once you know what you like, we can customise a package personalised to your needs.

Currently on Display at Wauchope we have the following campers.
