

About Us

Steve & Leisa are the owners of Marlin Campers, and have both had a lifetime of camping experience behind them. This experience ensures that you can feel comfortable knowing that they not only build & sell the camper trailers, but they use them as well.

Steve grew up on the northern beaches of Coffs Harbour, and found many a great campsite around the Yallingup National Park. Fishing & trail bike riding filled his spare time before moving to the Central Coast, where he now loves to take his wife & three kids camping amongst the Barrington Tops. Steve has perfected the art of camping with kids under 10 years old, and believes that starting them off young will lead to a lifelong love of camping.

Constantly using their own camper trailers means that their designs are constantly changing and improving. It has also led to the belief that there is no one-size-fits-all-solution, and that is why the Marlin Camper range has many different options to suit you.

Take a look at the range of quality camper trailers, backed with a full 2-year warranty (the longest in the business!) and get out on the road in your very own Marlin Camper today.
