

About Us

Steve & Leisa (proud owners of Marlin Campers) both have a lifetime of camping experience to draw from. This passion for camping means they use the same trailers that are manufactured here on-site and sold Australia-wide, to fellow camping enthusiasts with all different budgets and specific requirements. As a result, since being established in 2006 we've earned a reputation for affordability AND build quality.

Why You Don't Pay For What You Don't Need:

At Marlin Campers, our designs are always changing and improving. This constant innovation has led us to recognise that there's not a one-size-fits-all-solution, and that's why our range of camper trailers has a wide variety of optional extras to suit your needs. After all, why pay for gear you either don't want, or already have?

Unlike other manufacturers, all our camper trailers are custom-built, right here at our premises on the NSW Central Coast, tailored for the individual order requirements. So whether you're after a basic trailer that's ready to tow or our top of the range Marlin Explorer with all the optional extra's included, you only pay for what you want. Easy to tow (even if you have a smaller car), easy to set up (even for beginners) and fully customisable, Marlin Campers provides you with the affordable camper trailer that's just right for the Australian conditions in all seasons.

A Guarantee You Won't Find Anywhere Else:

So take a look for yourself at our complete range of camper trailers, all backed with a full 2-year warranty you won't find anywhere else- and get out on the road in your very own Marlin Camper today!
