The **Marlin Escape** gives you comfort and convenience in equal measure. This 4 berth camper trailer's hinging system allows for a single person setup, meaning you can avoid the cumbersome and awkward setup of other makes. Setting up your **Marlin Escape** in under 2 minutes for an overnight stay is a breeze, and the flexible design means you can double the size of the camper in almost no time at all for your longer stays.

Inside the **Marlin Escape** you'll find a very comfortable queen size mattress to ensure you always have a good nights' sleep. The huge storage space under the bed can be accessed using the strong gas lifts, allowing easy access to your gear from inside or outside the camper.

Oztrail have built a reputation for supplying top quality canvas, and the **Marlin Escape** keeps you dry no matter how bad the weather gets. Meanwhile, the specially silver-lined roof ensures you stay cool and comfy in the middle of an Australian summer. Maximum air flow is achieved via the huge windows all around your camper, and no nasty surprises can get through the super- fine midgy screens.

All the poles, ropes and pegs you need are provided, so you can hit the road right away in your new **Marlin Camper**.

Whether you need a camper trailer to get away for a short weekend or you want the space to enjoy an extended stay, the **Marlin Escape** gives you all the comfort and quality of a high end camper trailer- without the hefty price tag. Our **2 year warranty** is one you won't find from any other manufacturer, and is our guarantee of quality to you.

At Marlin Campers we're able to incorporate all of your individual needs, from full off- road campers to water tanks, or simply a new set of deluxe camping chairs. We know how important it is that your camper suits your style.

Contact us today, and let us get you on the road and into the great outdoors in your very own Marlin Camper.

Upgradeable to: 20L Jerry can for fuel/water, 4kg gas bottle holder

Hinged camper construction incorporates extra heavy duty hinges for smooth and safe use of gas struts to lift the camper trailer bed-base above the trailer. These hinges are opposed for maximum strength, but allow for easy removal of the camper tent so that the trailer can be used separately. These hinges are not light weight piano style hinges, and are built in at the time the trailer is engineered, not installed afterwards.
